

Welcome to Eastgate SDA Church!

A message from Pastor Eric Saylor

In the late 1800s and early 1900s optimism was on the rise. The industrial revolution was simplifying food production, transportation was being revolutionized and streamlined, and scientific knowledge was expanding. People were watching these developments and wondering if the inevitable result would be an utopian society: long life, cheap food, good health, and world peace.

Then came the first world war.

And then the second one.

Through these destructive wars it became clear that science and technology might not just be a blessing, leading us to a perfect society, but they could lead us to great evil and suffering, as well.

As history has progressed this experience has continued. Though science and ingenuity have provided great blessing they have utterly failed to fix the great problems of the world: famines, ethnic cleansing, pandemics, and wars, not to mention greed, selfishness, pride, and abuse.

It's obvious that our ultimate hope and salvation will not come from a scientific nor human source.

This Sabbath Pastor John will lead us to face the brokenness of our human condition and how Revelation says this brokenness will play out in our nation and in our world. I believe you will be impressed and maybe even surprised at how directly Scripture addresses this in the future tense.

His teaching is entitled "A House Divided: The Future at the Crossroads". You can watch it at 11:00am at www.hopeawakens.org or www.itiswritten.tv.

I hope you are blessed by Pastor John's message and are convicted anew that our only Hope is in Jesus.

~Pastor Eric

OFFERING THIS WEEK - Adventist Community Services. In a small town near Baltimore, Maryland, flooding destroyed homes and businesses within a two-hour time frame.

Adventist Community Services Disaster Response (ACS DR) volunteers organized a "Muck Out" for the affected homes in the community. Each home they visited was close to a waterway that had produced river-like water flow out in the streets. Many boxes and furniture had held water for more than two weeks. Additionally, some of the homes developed mold.

One family whose basement was flooded with more than 24 inches of water appreciated the help. Volunteers worked on their home removing furniture, carpet, drywall, and the remaining debris. The ACS DR teams were also able to provide other needs, such as food, water, and basic items.

ACS DR works throughout the North American Division serving communities in times of crisis. Today, your offering will be gratefully received to support the North American Division

Adventist Community Services and the Adventist Development and Relief Agency (ADRA) internationally to assist before, during, and after disasters and traumatic events.

~Wynelle Stevens, Assistant Director of NAD Adventist Community Services.

On the website at www.bridgenw.org and associated social media sites, you'll find a growing list of people in our Bridge community who are involved in ministry. We dare you to join them.

Plan now for the Thirteenth Sabbath Offering – June 27

The first "13th Sabbath Offering Project was introduced in 1912 to establish a mission in India. With approximately four hundred 13th Sabbaths since that first project, this offering has allowed the church to build schools, dormitories, hospitals, clinics, churches, mission-launches, lamb-shelters, printing presses and universities around the world. Often there is more than one project for an offering so there have been over a thousand projects. Because tithe money is not allowed to be used for buildings, the 13th Sabbath offering has usually been for construction-type projects.

This quarter's offering will benefit the Trans-European Division in three ways: open a center of influence in Norway, establish a church in Serbia and construct a church and center of influence in Cyprus (refer to the map on the back of the Adult Quarterly).

You can give a Thirteenth Sabbath Offering any time throughout the quarter by marking your tithe envelope.

VIRTUAL CAMP MEETING COMING THIS SUMMER! – OREGON CONFERENCE

Gladstone Camp Meeting 2020 is going virtual! The COVID-19 pandemic has raised all kinds of questions about when large groups will be able to meet, or even whether people will be ready for that. In spite of the uncertainty, the spiritual food and comradery, the tradition of camp meeting is still important. So while we won't be meeting in person at Gladstone, we're already planning an interactive online experience that will encourage and connect us. What does *Virtual* mean? Programming will be accessible from your desktop, your tablet, or your cell phone. If groups are able to gather by then, churches can even host viewing parties! It all is still happening in July, with programming for all ages, including José Rojas as our featured speaker! We hope you'll plan to join us for a new way of doing camp meeting.
